LETTER MYSTERY!

TIME

20 minutes
(at least)

SEL COMPETENCY

Relationship Skills

PURPOSE

To practice teamwork; To review;
To practice creative thinking

ACTIVITY: Choose up to five categories to start.

EXAMPLES: noun, food, animal, plant, city, book title, article of clothing, something nice.

Have each family member draw the chart below on a piece of paper.

Explain: **Once I tell you a letter, you will fill in something that starts with that letter that fits in the category. So if the category is “animal” and the letter is “M”, you could write in “monkey”**

Try doing the activity with one chart for the whole family to work on together.

Do not reveal the letter (such as the “M” example below) until all the categories have been provided. Be sure to allow everyone to share their answers after each round. This can get pretty competitive, so don’t let it go on too long!

Letter	M			
animal	monkey			
adjective	marvelous			
food	muffin			

Reflection: What was your level of participation? Was there appreciation and respect?
How did you make sure to appreciate others and respect others’ ideas? What did you enjoy about this?
