

Are You Ready to Join the Troublemakers?*

(We Need You!)

These are the Troublemakers' tenets. If you can agree to these, copy them down and put them in a special place. Sign your name at the bottom and start making trouble.

1. Troublemakers help instead of hurt.
2. Troublemakers use their heads and their hearts to uncover new solutions to problems, especially solutions that address the root cause of the problem.
3. Troublemakers ask questions and work with others to solve problems. Their ears are just as important as their voices.
4. Troublemakers get the job done by being kind, brilliant, clever, hardworking, and brave. Sometimes they are also hilarious.
5. Troublemakers work to help humans, animals, and our planet.

Sign name

Directions: If you signed the *Troublemakers' Tenets* complete a short journal reflection (free-write) to express what the tenets mean to you and how you might follow them in your own life.

*Hulvershorn, Kristina. Secret of the Troublemakers. Hope and Heart: 2018. (37)
